

Job Title: Chief Operating Officer (COO)

Location: Basel, Switzerland

About the Company:

We are an innovative preclinical-stage startup based in Basel, focused on developing small molecule drugs to address rare genetic diseases. Our mission is to bring life-changing treatments to patients who need them the most, and we are building a passionate and driven team to achieve this goal. As an emerging company, we offer a dynamic and collaborative environment where you can make a significant impact.

Position Overview:

We are seeking a highly motivated and experienced Chief Operating Officer (COO) to join our executive team. The COO will play a crucial role in leading the operational strategy of the company, ensuring that our scientific and business goals are met efficiently and effectively.

Key Responsibilities:

- Oversee day-to-day operations, ensuring alignment with the company's strategic goals and timelines.
- Collaborate with the CEO to develop and implement business strategies that drive growth and operational excellence.
- Manage relationships with CROs and key stakeholders, including investors, partners, and regulatory bodies.
- Oversee financial planning and management, including budgeting, forecasting, and resource allocation.
- Ensure compliance with all regulatory requirements related to drug development and company operations.

Qualifications:

- Proven experience as a COO or in a similar senior operational leadership role within the biotech or pharmaceutical industry.
- Deep understanding of the drug development process, preferably with experience in preclinical and clinical-stage companies.
- Strong strategic thinking and problem-solving skills, with a can-do attitude and the ability to execute effectively in a fast-paced startup environment.

- Excellent leadership and communication skills, with the ability to inspire and manage cross-functional teams.
- Experience in financial planning, resource allocation, and managing investor relations is a plus.

Why Join Us?

- Be part of a mission-driven company aiming to make a real difference in the lives of patients with rare genetic diseases.
- Collaborate with a passionate and dedicated team in a fast-growing startup environment.
- Opportunity to shape the future of the company and have a significant impact on its success.

How to Apply:

If you are excited about this opportunity and meet the qualifications, we would love to hear from you. Please submit your resume and a cover letter outlining your experience and why you are a great fit for this role to [stephan.emmerth@baselaunch.ch].
